WORK EXPERIENCE

Chitter Chatter PC

(Apr 2021 - Present)

Clinical Supervisor

- Scored and interpreted psychological tests and behavioral data to record and analyze assessments on individuals' intelligence, achievements, interests, and personalities to form data-informed treatment plans.
- Analyzed and produced graphical representations of client progress and discussed goals to assist them.
- Recorded and documented patient information data including session notes, progress assessment, recommendations and treatment plans.
- Used recorded data and trends on clients' progress to deliver status updates and data-driven recommendations to changes in design based on challenges faced.

University of Michigan-Dearborn

(Oct 2012 - Sep 2021)

Clerk

- Produced and maintained database and related files with latest data about university parking and mailroom.
- Ensured strict adherence to established data security protocols to safeguard company assets.
- Monitored file access and release of information to authorized parties.
- Managed digital and analog files and enforced established data formats and naming conventions.
- Drafted daily reports detailing mailroom and parking related data including completed tasks and labor hours worked.
- Performed data entry with strong focus on accuracy and data integrity.

Beaumont Health

(Jan 2018 - Mar 2021)

Registered Behavior Technician

- Collaborated with psychologists, behavior analysts, and rehabilitation therapists in working with developmentally disabled patients to treat, rehabilitate and return patients to the community.
- Assisted behavior analysts in recording, assessing, and maintaining data on patients' therapy progress.
- Used patients data to aid in the formation of problem statements, determination of facts, testing of hypotheses, and validation of conclusions.
- Demonstrated ability to manage multiple tasks while remaining adaptable and flexible.

EDUCATION

University of Michigan-Dearborn
